8. Learned counsel for the accused persons contended that there is delay of about 07 days in lodging of the F.I.R for which no plausible explanation was extended by prosecution. She contended that there is no direct evidence against the accused persons. She argued that there are so many contradictions in the statements of PWs which creates doubt in the case of prosecution. She contended that exam has not supported the version of prosecution. She argued that accused Naeem had purchased house from complainant in the sum of Rs. 300,000/- and accused directed complainant for transferring disputed house in his favour after recensing remaining amount of Rs. 50,000/- but complainant refused. She contended that there is no DNA to support the allegations of prosecution. She contended that the accused persons are falsely implicated by the complainant due to dispute over the property. She argued that the allegations of prosecution are not supported by medical evidence. She contended that prosecution has failed to prove its case against the accused persons. She relied upon 2016 SCMR 274, 2021 PLD SC 580 to 589, 2017 SCMR 203, 2003 SCMR 1466, 2019 PCR LJ NOTE 74, 2008 SCMR 1572, 2002 SCMR 1009 and 2020 PCR LJ 895. He contended that the accused Naeem had committed sexual assault upon victim Reema violently. He argued that such type of offences is increasing in our society. He contended that there are no material contradictions in the statements of PWs and the prosecution has proved its case beyond reasonable shadow of doubt. They prayed that accused persons may be convicted under the law.

PW-2 Dr. Summaiya Syed deposed that her (Reema) injuries described above were dangerous to life, hence declared as other hurts sub section PW-2 Dr. Summaiya Syed deposed that she prepared MLC No. 109/19 on both sides of the certificate numbering 1 and 2. She produced MLC as Exh. 07/B.

18 A potency test was also performed on the accused and PW-11 Dr Abdul Ghaffar Shaikh deposed that the accused is potent and capable of performing sexual intercourse. Dr. Abdul Ghaffar Shaikh (PW-11) also testified against the accused and he too stood by his account during his cross examination.

19 Section 376 PPC defines rape and in explanations it has been mentioned that penetration is sufficient to constitute the sexual intercourse, which is necessary for evidence of rape. The prosecution has produced ample material on record showing that accused Naeem from 28.08.2017 to 31.08.2017 at unknown time inside his house committed sexual intercourse with Baby Reema.

20 Accused persons denied prosecution allegations in their statements recorded U/s. 342 Cr.Pc as Exh. 24 and Exh. 25 and they claimed to be innocent. Accused Naeem stated that complainant sold out his house to him for Rs. 300,000/- and he paid Rs. 250,000 to the complainant in installments. Accused further stated that he requested complainant for transferring his house after receiving remaining amount of Rs. 50,000/- but complainant refused and implicated him in this case. Accused Kulsoom stated that her husband Naeem purchased house from complainant in the sum of Rs. 300,000/- and Naeem paid Rs. 250,000/- to complainant. Accused Kulsoom further stated that Naeem requested complainant for transferring that property after receiving remaining amount but complainant refused. 21 Murad Ahmed PW-01 denied suggestion in his cross examination that he entered into sale transaction with Naeem in respect of the house in which he is residing. Murad Ahmed PW-01 denied that he has falsely implicated accused Naeem in this case to usurp amount of sale consideration paid by accused Naeem to him. Mushtaq Ahmed PW-03 denied suggestion in his cross examination that there is dispute between Murad Ahmed and Naeem over selling of the plot.

22 The accused Naeem has neither produced sale agreement through which he purchased property from the complainant nor the witnesses of the agreement are examined by the accused in his defense. It does not appeal to common reason that why complainant would stake his honor for the dispute of meager amount. The record shows that there is no enmity between the parties. The accused Naeem has taken false stand to save himself.

23 There is no direct evidence against the accused Mst. Kulsoom showing that she caused injuries to victim Reema. Even Reema PW-10 has not deposed a single word in her statement that accused Kulsoom caused her injuries or she is involved in the present crime.

24. So far as learned counsel for the accused that there is no DNA to support the version of prosecution in concerned. Reema PW- 10 deposed in her cross examination that accused Naem committed ZABARDASTI rape with her. PW- 22/Dr. Sumaiya Syed stated in her examination in chief that on the basis of clinical examination Reema has not subjected to sexual intercourse. The allegations of victim are supported by medical evidence. Solitary testimony was enough for conviction if it inspired confidence as held in Mat. Baareem, 2003, Everso Films and another in Fldt. 1991 Supreme Court List. The contention raised by the learned counsel for the accused is not sustainable under the law.

25. As far as delay in lodging of the F.I.R is concerned, complainant lodged F.I.R with delay of about 05 days. Delay in reporting the crime to the police is an offence involving a person's honour, reputation and society may view unsympathetically which could prey on the minds of a victim and her family and deter them to go to the police promptly. Delay in lodging of F.I.R is immaterial as people naturally avoided rushing to the police because of family honour. The complainant has explained the reasons for delay in lodging of the F.I.R. Material brought on record by the prosecution cannot be discarded on the grounds of delay in lodging of the F.I.R. in present circumstances.

26. The statement of the victim is straight-forward and narrated the entire incident in a very innocent and natural manner and the defense failed to establish that there was any exaggeration in the statement of the said victim. The complainant/Murad Ahmed, PW-Mushtaq Ahmed, PW-Jasim, PW-Abdul Shakoor, victim/Reema and Rehan have specifically disclosed the date, time and manner in which the said incident took place. The medical evidence furnished by Dr. Sumaiya Syed and Dr. Abdul Ghaffar Shaikh also corroborates the allegations of prosecution. IO/Umer Hayat, Retired Inspector Aziz Muhammad and ASI Momin Ali have also supported prosecution.

27. The learned counsel for the accused persons pointed out contradictions in the statements of PWs which are minor in nature and the evidence brought on record by the prosecution cannot be brushed aside on that sole ground. The alleged offence is heinous offence which can destroy the entire psychology of a victim by putting her and his family to public shame. It is a stigma with which the family has to face with and is the most hatred crime. Such kind of gruesome offence is not against the individual only but it is also against the good conscience of the society.

28. All the PWs have supported the version of prosecution on the date, time and place of the alleged incident. All the PWs identified the accused in the Court. The PWs were cross examined at considerable length but no discrepancy causing reasonable doubt in the veracity of the prosecution case was found. The prosecution has produced ample material on record leading to the conclusion that the accused Naem has committed rape upon victim/Reema.

29. In view of above discussion, prosecution has produced ample ocular account coupled with medical evidence which supports the allegations of prosecution. The evidence brought on record inspires confidence and there are no material contradictions in the statements of PWs creating reasonable doubt in the case of prosecution. The prosecution has proved its case against the accused Naeem for offence punishable U/s. 376 (i) and 337-a (i) PPC while prosecution has failed to prove its case against the co-accused Kulsoom. However, the case law referred by learned counsel for the accused are distinguishable hence do not attract to the present case in the present circumstances. The point No. 01 is answered accordingly.
